

K-Love serves the Grand Junction Colorado and the Western Slope of Colorado with positive, encouraging talk and music. It is very different from all of the other stations, staying away from filthy language and sexual references. If we were to lose K-love, there would be no options to get away from the garbage the other stations emit. It is in the public interest to have an option like K-Love that people who listen to the radio can have an option to choose a station that has high integrity rather than the junk that most stations are allowed to transmit over the airwaves. There should be more stations like K-Love that put their integrity before their pocketbooks.
